

# CUBE Switch Module PRO

Change every switch in the world to be a smart one

LifeSmart云起

让每一个家庭成为智能家庭

# CUBE Switch Module PRO

Change every switch in the world to be a smart one

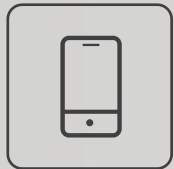

## Upgrade to smart switches

Make all normal switches intellectual

## Voice control

Support smart speakers to control switches

## Remote control

Control the lights in anywhere & anytime

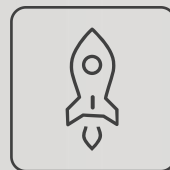

## Scenes linkage

Open/close according to preset scenes

## Timed task

On/off regularly, live a regular life

## Performance upgrade

Increase load capability, add 3-way switch

# Normal switches turn into smart ones instantly

Suitable for all 86 type panel cases, work with all main switch brands

86 Type

**CHINT**  
CHINT GROUP

  
**BULL公牛**  
BULL

  
**legrand**  
LEGRAND

**SIEMENS**  
SIEMENS

**HONYAR**  
HONYAR

**ABB**  
ABB

**Panasonic**  
Panasonic

  
**Shlinorde**  
Shlinorde

  
**DELIXI**  
DELIXI

# Mobile, voice & scene link multiple control ways, turn on devices whether sitting or lying

## Remote control

LifeSmart APP displays real-time switch statuses, controls on/off statuses of lights in anytime & anywhere

## Timed task

Set switches regularly on/off through LifeSmart APP

## Voice control

Supports voice control platforms like Amazon Echo, Google Home, 小爱同学, 小度在家, 天猫精灵, 腾讯云小微, 百度度秘, iFLYTEK, Mobvoi, Rokid and so on

## Smart scenes

Link with other smart devices, enjoy coziness and convenience of smart life in every moment.

\*Need to work with smart stations

\*需搭配其他智能设备使用

# Specifications

Model	LS191/LS192/LS193
Size	47(L)×22(W)×44(H)mm
Material	PC
Colour	Ivory white
Working Temperature	-5~45°C
Working Humidity	5~90%
Working Voltage	100-240V AC
Power	< 0.3W
Wireless Protocol	CoSS
Wireless Frequency	433MHz
Wireless Distance	100m (Open field)
Max load	500W single channel resistive load, 200W single channel capacitive & inductive load
Relay	16A magnetic latching relay
