NOTE:

- The number of microphones varies with different models, please refer to the actual product.
- The thermistor of some models is optional, please refer to the actual product.

INSTRUCTION

Nature Mini L is a smart home control panel installed at the intersection of moving paths in your home. It has a 4-inch HD touch screen to provide you with a wide visual space and a comfortable interaction experience.

With a powerful hardware platform to support multi-mode protocols and a customized operating system, it can transmit control signals to smart home devices and receive status feedback, thus realizing control functions of smart devices such as turning off lights and opening curtains.
